

President's AGM 26 Report

Your Committee
is defined by
**Empowered
Excellence**

I refer to these exceptional members whose passion and dedication have unstintly made a significant impact on the club and its members as a most Awesome Committee Team.

And I am grateful to each of the members who have readily stepped up to help when asked , as well as the members who just help without being asked ... on behalf of all the members, I thank you.

Tony Filia who works diligently, maintaining the standard of the role of secretary at a very high level , his job is made even harder, trying to keep the Pres in line ... thank you Tony.

Renzo our financially stringent treasurer , who, with a meticulous approach and financial acumen, has further developed strategies that have strengthened the club's financial status ... thank you Renzo for your great work.

David Miller , a previous President , the Go To person, with a deep knowledge and understanding of the processes, he has always been committed to supporting our committee members wherever it's needed ... so if anything goes wrong it's still David's fault :) ... always indebted for your support.

Wilson Leung, the Quiet Achiever, has put his smooth stamp on the role, making sure every shoot is challenging and enjoyable, and run safely. Thanks go to Paul Stuart, Rob Napthali and Graeme Trimmer for their work at the Castle Hill Range.

Ricky Zaragoza, Sinni and Haggai, the Range Officers, Supervisors and Trainers who readily step in to help.

I receive many comments and likes about the opportunity to shoot at different ranges ... and how great the club and the members are - warm , friendly and helpful , and that speaks volumes about the quality of our members ... which is extremely rewarding to everyone involved in the preparations.

This Committee is a powerhouse team that has been diligently working, laying solid foundation for the future and the success of our Pistol Club.

Their enthusiasm and commitment exemplify the spirit of collaboration that defines, the spirit of our club ... Empowered Excellence.

Thank you all for your help and support in making your club a success ...

in appreciation

Your President

Paul De Nardi

Some items the committee is currently working on

- Develop a practical maintenance and replacement program, for both Livefire and Air Pistols.

With many aspects of our Pistol Club requiring attention, The committee has a detailed budget for the 26/27 period with which to address this important item.

- Update Club Guns as assessed.

- Update Pistols and Club equipment
- Further develop our Pistol Safe Handling Program
- Further develop our Trainer and Range Officer training course
- Further develop a more comprehensive website for up to date communication with club members , and membership drive , to encourage more women and younger members.
- Scoring system Tablets
